

**IRVINE UNIFIED SCHOOL DISTRICT
GOVERNING BOARD MEMBER**

CAROLYN MCINERNEY

OCCUPATION: Public Affairs Advisor/President, Irvine Unified School Board

In the four years since I began my term on the Irvine School Board, I have worked hard to maintain and improve our great school district by focusing on quality education and strong fiscal management. Since then, my colleagues and I have consistently balanced our budget. I helped lead the change in our District administration, resulting in dramatic improvements in IUSD's effectiveness and leadership.

I am President of our School Board this year and also serve as President of the Association of Low Wealth Schools, our statewide lobbying effort to achieve equalization funding.

I have also lead efforts to increase our local funding. As a founding Board member and former President of the Irvine Public Schools Foundation, I continue to serve on that board as a liaison from the district, working to raise private funds for our students.

My top priority is the education and well being of our students. I remain committed to each student, each family, each citizen and our community.

My husband and I have lived in Irvine 21 years. Our three children have gone through IUSD schools.
